

## Home Learning

Home learning is an important part of your child's learning. Each week we send home learning activities that are linked to your child's learning in school.

Please find time to complete these activities with your child. Home learning books need to be returned to school by **Wednesday** so that they can be marked.

### Spellings

As part of your child's homework they will be given a list of spellings that they need to practise. It is important your child understands the meaning of the word we therefore ask that they put each spelling into a sentence.

### Maths facts

Each week your child needs to practise the multiplication and division facts for times tables they are on. It is important that your child has quick recall of these facts as practising them out of order is important.

This term

10 children have achieved Bronze(2 3 5x)

8 have achieved silver(235 and 4x)

1 child has achieved gold(2345 and 8x)
